EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ms. Denise Main on 10-12-05.

The application has been amended as follows:

Claim 11: Page 2 (of the amendment), line 16 (from top), delete the phrase "naphthyl groups, pyridyl groups" since these groups have been deleted from the definition of R¹ and R². At the end of line 16, delete the letter "s" from the word 'groups' so as to put it in a singular form.

Page 2, on the last line, delete "-NH-CHO-" (a divalent group), and insert -- -NH-CHO – (a monovalent group) in its place.

Page 3, line 17 (from top), delete the phrase "wherein m is 0, 1 or 2" because S(O)_m has already been deleted from claim 11.
